A warm welcome to all!!

With fewer numbers of exhibitors to support our shows in Canada and Washington state, the Peruvian Horse Association of Canada and the Northwest Peruvian Horse Club have joined together to host a DOUBLE show combining the Canadian Nationals and the Northwest Regionals.

The 2026 Norte Y Sur Peruvian Championship show will celebrate the 43rd year of the Canadian National show and the 42nd year for the Northwest Regional show and will be held at the Evergreen Equestrian Park in Monroe, Washington, a short distance from Seattle. You will find every amenity in Monroe, groceries, feed, hotels and restaurants and Evergreen is a first-class facility that we are sure you will enjoy.

The show committee will do everything possible to make this a fun filled weekend for all! We look forward to seeing you!!

Meet our Judges

CHRIS AUSTIN has been actively involved with the Peruvian Horse as an owner and breeder since 1994. Along with his family, he has bred, owned, and exhibited numerous quality Peruvian Horses, earning championships at both the regional and national levels throughout North America. His long-standing passion for the breed is truly a family affair, with countless hours spent enjoying their horses both on the trail and in the show ring.

Chris is a NAPHA carded judge and has had the privilege of officiating Peruvian Horse shows across the United States and Canada, as well as internationally in Ecuador, Guatemala, and Panama and student judging in Peru. His judging résumé includes multiple National Shows in the United States, Canada, and Ecuador.

In addition to judging, Chris has served as Past President of the North American Peruvian Horse Association, reflecting his commitment to leadership, integrity, and the continued growth of the Peruvian Horse community.

Chris' goal in every ring is to facilitate an honest, educational, and enjoyable show experience—welcoming exhibitors from the smallest one-horse farms to the largest breeding programs—while preserving the authenticity and traditions of the Peruvian Horse.

Chris looks forward to judging this show and is committed to providing a fair, positive, and fun show for all exhibitors.

KIM MONTEE CAVATAIO has been showing, breeding and training Peruvian horses since 1971. She has achieved multiple High Point Junior titles followed by numerous Champion of Champion awards and several laureado honours.

Kim began judging the Peruvian horse around 32 years ago and has had the honour of judging many Regional and National shows here in the US as well as Canada, El Salvador, Honduras and Ecuador.

Kim competed with other breeds and disciplines such as barrel racing, team roping, western pleasure and dressage. And says “she is always trying to study and learn more about horses”.

Kim thanks all the Norte y Sur exhibitors who plan on attending and presenting their horses for judging, saying that without your support, these shows would not exist. She looks forward to seeing you all and wishes everyone the best of luck.

Governing Rules

Both shows, Canadian National Championship (PHAC) and the Northwest Peruvian Regional Championship (NPHC) will be conducted under current North America Peruvian Horse Association (NAPHA) Rules of Horse Showing, unless otherwise noted in this premium list. A current copy of the NAPHA Show rules are available on-line at www.napha.net.

******RULE EXCEPTION******

There will be a very notable exception for this show to incorporate the Peruvian Horse Association of Canada Class Procedures and Call of the Classes. These guidelines standardize ring procedures, ensure classes are run in a predictable manner, provide a list of maneuvers that will be mandatory for both Performance divisions as well as desirable and undesirable execution of all maneuvers. A copy of the official document is included in the premium list but can also be found on the Peruvian Horse Association of Canada webpage www.phac.ca.

In any case where this Premium List appears to conflict with NAPHA rules, the NAPHA rules will take precedence unless it is a rule exception approved by both NAPHA and PHAC specifically for this show and noted in premium list.

Show Approvals/Points

Both shows have been approved by NAPHA and qualified entries will be eligible for NAPHA yearly and lifetime awards. The show is drug free with testing (per USEF Drug Testing Rules) and has NAPHA approved judges and carded show steward for maximum points. In order to receive points, the recorded owner(s) must be a NAPHA member at the time of the show and horse must be registered with NAPHA. Please ensure that each horse's NAPHA number is on show entry. A complete explanation of the NAPHA point system can be found at www.napha.net.

Both shows have been approved by Peruvian Horse Association of Canada.

The Canadian National Championship show will receive TRIPLE Points towards PHAC lifetime awards as per special approval by PHAC board of directors.

The Northwest Regional Championship show will also receive SINGLE points unless there is a minimum of 15 PHAC registered horses owned by at least 4 different PHAC registered owners in which case DOUBLE points will be awarded. To be qualified to receive Canadian points, the recorded owner(s)/lessee must be a PHAC member at the time of the show and horse must be registered with PHAC. Please ensure that each horse's PHAC number is on show entry.

Same for Champion/Reserve classes, if horse receives a Champion under one judge, Reserve under the other, the horse will advance into the respective Champion of Champion class list, and eligible to be judged by both judges again. Only exception to this rule would be a horse who has already a laureado in one the shows.

All first and second placings in qualifying classes are automatically entered into the appropriate Champion/Reserve, Best gait or bozal class, but it is NOT mandatory to participate. Likewise, current year champions will automatically be added to appropriate Champion of Champions Class and Zootecnico (Breeding), but it is NOT mandatory to participate.

If you choose NOT to ride a horse in a Champion/Reserve, Best of, or Champion of Champions class that you have qualified for, please notify show secretary by end of day on Saturday.

Returning Champions or Champion of Champions

Previous Canadian National, US National or NPHC Regional Champions or Champions of Champions may enter directly into appropriate 2026 Champion of Champions class or choose to re-qualify again by riding in qualifying classes but may not do both. Any mare or stallion entering directly into a Champion or Champion of Champions class in the breeding division must show in their respective Zootecnico class.

2026 Regional Champion of Champion Horses

Current year (2026) Regional Champion of Champion Horses from a PHAC or NAPHA approved show are eligible to enter directly into the appropriate Champion/Reserve class. Any mare or stallion entering directly into a Champion and Reserve class in the breeding division must show in their respective Zootecnico class.

Qualification of all horses entering directly into a Champion/Reserve or Champion of Champions class will be verified by show secretary. There will be a spot on the online form to report the necessary information.

Class Information/Rules

Judges Authority

The Judge(s) shall have the authority to place any horse in whatever position in a class he/she thinks the merit of the horse justifies. The awards shall be placed on the horses as they are seen presented in the ring for each class, without regard to previous performances and records. The Judge(s) shall award prizes in order first to fifth according to merit and may not vacate places. If there are more horses of merit in a class than there are prizes offered in that class, the Judge has the right to award honourable mentions. The Judge(s) may make favourable comments over the PA system about the horses shown before him/her but shall make no negative comments. Judge(s) are not permitted to ride any horse entered in this show, during the show. The Judge(s) will have the authority to excuse any any horse/rider/handler from the ring whose actions threaten to endanger other exhibitors/horses or officials.

In effort to provide exhibitors with two shows in one venue, and to ensure that two opinions non-conferring without undue influence one on the other, when two judges are adjudicating separate shows in the arena at the same time, the judges will not run all entries out on order prior to the placing. The call judge may request workouts of 1-3 horses, and when that is completed, the non-call judge may do the same. The judges will NOT confer and will make all placings for their respective shows independently, except for the Versatility classes for which there will be only ONE set of ribbons for both shows.

Entry Gate/Show Ring Rules

- All ADD ON classes MUST be done at the show office at least three classes in advance of class being added.
- Scratching from classes or changes to rider/handler can be done at the gate thru the ring admission steward.

To help the show stay on schedule, check in with Ring Admission Steward by at least the third call for your class. It is your responsibility to make sure the Ring Admission Steward has your correct name, horse's name and exhibitor number.

The 3-minute gate rule will be enforced which means that 3 minutes after the first horse in a class enters the ring, the gate will be closed, and judging will begin. If additional time is required for horse/tack change, the entrant must notify the Ring Admission Steward prior to the final class call and an added 5-minute hold can be granted.

ONLY the Ring Admission Steward or Show Manager has the authority to allow or deny entry into a class after the gate has been closed. The Show manager will have authority to settle all discrepancies.

Please practice courtesy at entry gate/holding area and show ring by maintaining a safe distance from other horses.

- ***For an additional safety measure for this show, we ask that exhibitors remain in the lineup after each class to receive their ribbons/awards and then ALL horses leave the arena together. This is a safety measure to minimize anxiety levels experienced by some horses when exiting the arena. A victory lap for the class winner followed by remaining horses and riders is optional but not required.***

We will be recycling ribbons. Help us keep costs down and unwanted ribbons out of the landfill by returning any unwanted ribbons to the show office at the end of the show.

PHAC Class Procedures and Call of the Classes

Purpose: To standardize the ring procedure and ensure that classes are run in a predictable manner, with all required elements presented to the judge prior to class cuts yet maintain an efficient flow to keep shows within their schedules.

Procedure for Halter Classes:

Each horse shall enter the ring in his best gait and shall remain in that gait until the Judge requests that the horse stop and line up. Each horse will be worked sufficiently as directed by the Judge in order to properly evaluate the gait. Horses will be worked in both directions of the ring and when requested to reverse, it is preferred that the handler change position to the inside. Position of the handler should be approximately even with the horse's withers and on the left hand side. Handlers may change sides during the individual workouts. Individual workouts may be called for any and all places by the Judge. All horses chosen for a workout must be shown as requested by the Judge. Actions that may disturb other entries (such as lunging circles when asked to line-up, or stopping intentionally) shall be forbidden.

Procedure for Breeding Classes:

All horses will enter the arena at their best gait and will remain working until asked to line up by the ring steward. Horses will be shown in each horse's best gait both directions of the ring and otherwise as requested by the Judge. Individual workouts may be called for any and all places by the Judge. All horses chosen for a workout must be shown as requested by the Judge. The speed at which the horses are shown will be at the discretion of and completely under control of the Judge. The Judge may request different speeds of an individual horse or group to test the horse's thread, but excessive speed will not be required. Horses must be ridden throughout the entire class by only one and the same person.

Procedure for Gait Classes:

Horses shall enter at the best gait and remain working on the rail. Horses will work both directions of the arena at best gait and will be asked to walk. Judge may wish to see horses slower or may ask them to extend their gait, work side by side, or may call the horses to line-up and proceed with individual workouts. Smooth transitions are desirable as is a range of correct gait, however excessive speed is not required. Occasionally the Judge may wish to see the width of the thread (variation of speed in which a horse maintains a pure gait) of a particular horse. However, the horse which can move the fastest is not necessarily the better-gaited horse. If another horse has a finer gait or if another horse has better movement, this may count for more in the final judging. Horses must be ridden throughout the entire class by only one and the same person.

Procedure for Pleasure Division:

All horses shall enter the ring at their best gait and continue on the rail. To be shown at the horse's best gait and at a walk in both directions of the ring and otherwise as requested by the Judge. The ideal Peruvian Pleasure Horse will be one that would be a smooth, efficient mount to take the rider on long rides. He should work effortlessly with a noticeable "bow" in the rein indicating very light rein cues. Leg aids will be subtle and responses will be appropriate to a horse that is a pleasure to ride. The following maneuvers on the rail in both directions shall be mandatory in Pleasure Classes prior to line-up and prior to a class cut being made.

1. Do complete small circles
2. Stop and stand quietly
3. Back up a minimum of five steps
4. Walk on loose rein
5. Reversal of directions on the rail (done to the inside)
6. Do serpentines through objects placed in a straight line

Pleasure - Optional maneuvers (on rail or individually)

7. Do figure 8's

Diameter for the circles and spacing for the serpentines will be approximately 3 to 4 metres (10 to 15 feet) using safe and stable obstacles set in an approximately straight line. All maneuvers should be performed with precision. The horse should remain relaxed, and nervousness will be penalized. Mandatory maneuvers must be performed in both directions.

Individual workouts may be called for any and all places by the Judge. All horses chosen for workouts must be shown as requested by the Judge.

Performance Division:

All horses shall enter the ring at their best gait and continue on the rail. The following maneuvers shall be mandatory in Performance Classes in order to demonstrate tractability and good manners. An ideal Performance Horse will perform with energy and precision. A more energetic attitude than in a Pleasure class is acceptable but the horse will be awaiting cues from his rider. A horse taking his own initiative or showing rebellion or resistance to the rider's commands should not place over a horse working quietly and correctly.

Mandatory on rail prior to any class cut:

1. Walk on loose rein
2. Stop and stand quietly
3. Back a minimum of five steps
4. Do complete small circles (to inside unless requested by judge toward rail)
5. Do reversals of directions on the rail (done to inside unless requested by judge toward rail)
6. Do serpentine through objects that are offset or curved configuration
7. Figure 8's
8. Side pass
9. Stop, turn on the haunches 180 degrees

Performance Optional maneuvers (on rail or individually)

9. Spirals (caracol)
10. Back 10 – 15 steps
11. Turn on the forehand

Diameter for the circles and spacing for the serpentine will be approximately 3 to 4 metres (10 to 15 feet) using safe and stable obstacles offset approx. 2 – 3 ft. Mandatory maneuvers must be performed in both directions. Individual workouts may be called for any and all places by the Judge. All horses chosen for workouts must be shown as requested by the Judge.

Double Shows:

In an effort to provide exhibitors with two shows in one venue, and to ensure that two opinions non-conferring without undue influence one on the other, when two judges are adjudicating separate shows in the arena at the same time, the judges will not run all entries out on order prior to the placing. The call judge may request workouts of 1 – 3 horses, and when that is completed, the non-call judge may do the same.

Guide to Maneuvers

Maneuver	Desirable	Undesirable
Circle	10-15 ft diameter (unless judge specifies smaller) Second circle in same track as first Minimal cues from rider, quiet hands and legs Horse bending in the same shape as the circle Consistent speed Quiet mouth	Hopping or breaking gait Dropping shoulder ("Falling into the circle") Irregular circles or straight portions Horse is stiff Excessive bending to the inside of the circle Horse wringing tail Open mouth
Stop	Stop with minimal cues from the rider Light rein contact to accomplish the maneuver Horse relaxes after the halt and stands still. Horse should stop completely within	Open mouth Head tossing or shaking Pushing against bit (resistance) Moving after the halt, not standing quietly Trailing off in speed for several steps Nose up or out as stop is performed

	2-3 steps after the maneuver is called Nose tucked as stop is performed	
Back	Backing straight Light pressure on the reins Relaxed backup Minimal cues from the rider	Refusal to back Gaping mouth Forced Back up Head tossing or shaking Excessive movement in the saddle
Walk	Loose rein (noticeable bow in rein) Relaxed natural head position Transition to walk within 2-3 steps after maneuver is called	Tight rein Short stepping Prancing
Serpentine	Horse bending evenly both sides Minimal cues from the rider Smooth transitions from one side to the other indicating the flexibility of the horse A relaxed horse	Rushed or sluggish movements Uneven curves or straight portions Head tossing or shaking Open mouth A stiff horse that turns on the forehand Horse's nose pointing in the opposite direction to the curve
Figure 8	Two even circles in opposite directions Smooth transition from one direction to the other The horse bending properly in each of the circles	Egg shaped or teardrop shaped circles A panicky transition from one direction to the other Hopping or breaking gait Horse wringing tail
Side Pass	Relaxed quiet side pass Horse yields to leg No resistance from the horse Correct bending from the inside rein to the outside leg Consistent rhythm Crossing in the front, crossing in the hind Straight sideways movement (slight leading from the front permissible)	Head tossing Walking forward Backing
Turn on the Haunches	Slight bend in the direction of the turn Horse should move his forehand around his hindquarters.	Forward movement Spinning on hind leg Backing Over bending or tilting the head Rear legs walking around front legs Dancing or fidgeting
Caracol (Spiral Staircase)	Start with larger circle and evenly spiral to inside, or spiral from inside to outside as called for, or both. Even flex as horse spirals in or out Quiet mouth Horse may touch stirrup with nose at closest inside turn	Hopping or breaking gait Open mouth Excessive bit pressure Jerky or distressed head movements

Norte Y Sur High Point of Show Awards

We will be using a new point system this year designed to ensure fairness of points as related to the level of competition in each class. The more horses participating in a class the more points that can be earned.

Scoring will be as follows:

- Each exhibitor/horse will receive one (1) point for each horse beaten in the class.
- The first place exhibitor/horse will receive one (1) additional bonus point.
- Each class from each show will be scored separately and then tallied for a total class score.

Example: Exhibitor/horse has placed 1st in Show A and 3rd in Show B in a performance class with a total of 5 horses. They will earn 5 points in Show A (beat 4 horses plus one bonus point) and will earn 2 points in Show B (beat 2 horses). Their total class score for that performance class would be 7 points (5+2).

Maximum points that can be earned per class by first place is 10 points. (Classes with 10+ horses)

A class with a single exhibitor/horse will receive one (1) point per class.

Placings 1-5 will earn points.

Exception will be the Versatility division which will only have one set of results.

Ties will be broken, first by the number of firsts, then seconds and then thirds.

If there is still a tie, then a ride off at the judge's discretion will decide the winner.

Riders entered in smaller classes should encourage their fellow exhibitors to participate in these classes to increase the level of competition!!

Exhibitors must register at show office (no charge) prior to the start of Friday's classes to compete for these awards.
